

*** Required of all Applicants and Lease Renewals**

We use OurPetPolicy for our animal management platform. We ask that all residents specify their animal status by scanning the QR code below. This allows residents to easily add animals to their lease online or indicate that there are no animals in their unit. Whether you have a pet, assistance animal, or are submitting an animal visitation request or animal complaint, everything will be done through OurPetPolicy. To add an animal to your lease, please upload the following before your move-in date:

- A picture of your animal
- A picture/copy of an up-to-date rabies vaccination record
- Documentation from a health professional for assistance animals

If you have any questions about using this system, please reach out to OurPetPolicy at support@ourpetpolicy.com or (208) 906-8886. They are more than happy to help!

Please complete this whether you have an animal or not.
